## SCHOLA SCRIPTA

(A correspondence course)

**Attention all those interested in the Classics!**

**Have you always wanted to learn about the Classics,  
but never had the time or opportunity?**

Schola Scripta is a correspondence course which you may start at any time, work at your own pace, and finish at any time. We fit in with your schedule, not vice versa.

These courses are easy enough for primary school learners (from Grade 6), but also interesting enough to attract many adults. The four modules of Schola Scripta offer a basic idea of the Roman world, the treasures of the Classical Mythology, a taste of Roman History and the basic elements of the greatest heritage of the Romans - Latin.

Our courses are certified by the University of Pretoria. At the end of Schola Scripta IV our learners' Latin skills reach the equivalent of a Grade 9 Latin course, but they know more about Roman Culture, Mythology and History than any high school Latin course can offer.

**Our enrolment fees  
are unbelievably reasonable.**

Schola Scripta I	- R400
Schola Scripta II	- R450
Schola Scripta III	- R500
Schola Scripta IV	- R550
